Real Estate, Rates & Recipes From DeeDee Fleming

Your Real Estate Service Specialist

Today is my birthday. I don't share this with you so that you will all call me or send me gifts, but rather to share with you a day of celebration. This month we are celebrating events like Easter and Passover, my birthday and anniversary. We celebrate that spring has come and there is beauty all around us. Are there other things we celebrate? Do we reflect on the small events too? Are we taking time to enjoy our life and share them with others? Do we celebrate all the gifts and blessings?

Friends and family, I hope that we will take a moment and look at the many blessings that come to us each day. The simple pleasures that bring a smile. The laughter of children, the fragrance of flowers, the warmth of the sun, the majesty of the mountains, the strength of the ocean, the soft touch of the rain, the love of good people around us. What great gifts all of these are to us. I ask that you sit back and take a moment for a breather. See what you are missing. Take a moment to be grateful. Remember to serve others and enjoy what you have and you will have a rich life, full of daily celebrations.

Real Estate Tip

Do you know where the poisons are in your home? We stock our households with everything from toothpaste to Drano. As a society we think nothing of purchasing cleaning supplies for everything… toilet bowl cleaner, window cleaner, floor cleaners, lighter fluid and the list goes on. Our medicine cabinets are stocked with cure-alls including ones for colds, allergies and flu. Prescription drugs of all sorts line our cabinets. Many are expired. Some of us even take the old prescription bottles and load them with an array of pills.

Our shelves are stocked with POISONS, and in the wrong hands these chemicals can cause life long illness and even death. Make sure that you have the POISON CONTROL number readily visible to help. Just trying to keep you and your family safe.
